

REMARKS

Reconsideration of the application is requested. This amendment replaces in its entirety the original amendment mailed on July 31, 2007 and the believed incomplete amendment FAXed on August 14, 2007.

Claims 7-16 remain in the application. Claims 7-16 are subject to examination.

In item 1 on page 2 of the above-identified Office Action, the Examiner objected to the general format of the specification. Counsel for Applicant telephoned the Examiner as it appeared that the Preliminary Amendment submitted with the application was not considered. The Examiner stated that the Preliminary Amendment will be considered and will most likely overcome the objections noted in item 1.

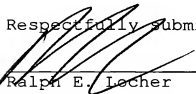

In item 2 on pages 2-3 of the above-identified Office Action, the Examiner objected to the drawings for not showing descriptive labels. The black boxes identified by the reference designators Ctr and Ec have been given labels as requested by the Examiner. Kindly enter the attached drawing changes.

In item 3 on page 4, the Examiner objected to claims 1 and 2 for informalities. Claims 1 and 2 were canceled and replacement claims 7-16 were entered. Replacement claims 7-16 are based on original claims 1-6 but are in a more U.S. friendly format and should overcome the objections noted by the Examiner.

In view of the foregoing, reconsideration and allowance of claims 7-16 are solicited.

Please charge any other fees that might be due with respect to Sections 1.16 and 1.17 to the Deposit Account of Lerner Greenberg Stemer LLP, No. 12-1099.

Respectfully Submitted,

Ralph E. Lecher  
(Reg. No. 41,947)
